

LIBRARY COMMITTEE REPORT

We have almost all the periodicals from Ft. Dodge sorted, inventoried and put away. Claudia is going through all the obituaries and making sure the information is on our website. Once she is done, they will be disposed of. We have a volunteer who is willing to work on entering information into the new website as soon as it is ready. We have officially retired the map case and the old card catalog. In doing this it has opened the library space making it look bigger. The front desk knows how to search for books in the digital card catalog and can help if anyone has trouble navigating it. We have also been working on a display for the Fall Conference. He will be on display starting this week.

Dennis and I will also be doing the Spring Conference in Ohio again next year. The theme is "Finding Your Family's Heroes". The committee is working on giveaways for the table. We are open to all suggestions.
